

**FOLLOW THE LEADER
... IF YOU DARE!**

We know it's against your nature to get in line. You much prefer leading the pack across a frozen lake or being first to bust out of a drift of fresh powder.

However, in the case of the Haulmark ALX **In-Line** Snowmobile trailer, it makes perfect sense — your sleds are arranged in a row, front to back, for quick getaways and for more streamlined towing. The industry leading 7.5' body width provides an extra roomy 83.5" between wheel boxes.

Arrive in style!
