Round Top V-Nose

Round Top V-Nose

The Round Top V-Nose (RVN) car hauler is available in tandem and triple axle configurations. Perfect for storing your prized show car, it's also great for hauling all your "toys". Just add the optional front ramp door and you have easy drive through access for Quads, Motorcycles and Sleds.

Outside, it's aerodynamic. Inside, it opens up more storage space in the front end. These features make the RVN a perfect premium trailer for your show cars. Available in lengths up to 35 feet, you have plenty of space for additional equipment. The trailer features a white vinyl ceiling liner, LED tail lights, and radial tires for a premium appearance.
